Change in Median Sales Price 6-Month Smoothed Average†

*Due to the typical delays in recording sales, reported unit activity will appear artificially low for the most recent month. Our projected unit activity assumes that only 89.0 percent of all sales are reported in time for this report. Year-to-Date figures are now updated each month in the interest of accuracy. **Does not include prices from any previous listing contracts or seller concessions. †This chart uses a rolling six months of average change in Median Sales Price to account for small sample size. | Some figures are for one month worth of activity and can look extreme due to small sample size. | All data comes from North Texas Real Estate Information Service.
